ORDERING FROZEN SEMEN

1. Contact Exclusive Equines to ensure that semen from your choice of stallion is available. If the stallion you have selected is unavailable, you may either choose another stallion, and the price will be adjusted accordingly, or, alternatively, we will refund your money in full.
2. Read the breeding terms for the stallion you have selected and ensure that you fully understand them. If you have any questions regarding the terms, please feel free to contact Exclusive Equines
3. A contract for the purchasing of semen can be obtained by contacting Exclusive Equines via telephone. Alternatively, you can download the contract from the website
4. After filling in all details on the contract of purchase, post it to Exclusive Equines, along with your payment. This will ensure that semen is placed in storage in your name ready for dispatch to your veterinarian.
5. When Exclusive Equines has received a completed and signed contract, and payment in cleared funds, purchasers will receive confirmation of their order.
6. Balance of payment must be received prior to semen being dispatched.
7. We do not insure the semen once it has been dispatched. From the time of dispatch onwards, the semen becomes the responsibility of the purchaser. Therefore, we advise semen purchasers to arrange insurance for semen whilst in transit.
8. At least 7 days notice is required prior to the dispatch of semen. Also, please note that couriers do not work weekends or public holidays.
9. Please ensure that your order/orders is/are placed as early as possible, as semen from some stallions may be in high demand and/or in limited supply.
10. Service certificates are issued upon receipt of a veterinary certificate and relevant breeding forms. For AWWA members \$25.00 is charged to cover registration costs.
11. For all stallions offered with a discounted return policy for the following year or any other type of service guarantee, a completed veterinary certificate stating that the mare concerned is empty will be required.
12. Mare owners who supply us with a veterinary certificate confirming the breeding soundness of the mare to be inseminated prior to the ordering of semen will receive a 5% discount from the full priced service fee.

Exclusive Equines Incentives

1. Most of our stallion stations have agreed to allow up to three pregnancies per three insemination doses. A small number of our stations have different conditions. So, when you choose the stallion you would like to breed to, just check on his conditions to make sure of what is allowed, and what is not.
2. On selected Frozen Semen Stallions a discount priced return to the same stallion the following season applies. If after three insemination doses there is no pregnancy and a veterinary certificate is supplied to Exclusive Equines to prove this, then you will be entitled to purchase discounted semen for the following year. *Conditions Apply
4. Exclusive Equines guarantee that if any Australasian competitor advertises a lower price on a stallion Exclusive Equines has available, we will better the price by 5%.
- 5 For mare owners willing to have their mare swabbed prior to breeding to frozen semen stallions, providing the swab is clean and the mare is deemed fit to breed, and a copy supplied and a copy of the veterinary certificate is sent to Exclusive Equines we will give a 5% discount on the cost of semen. This offer applies only once per three inseminations.
